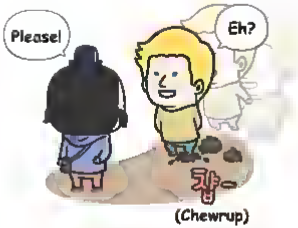
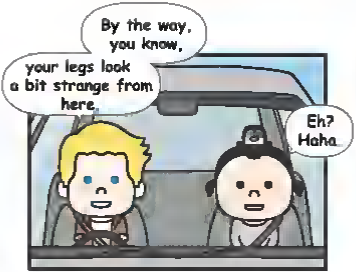
An ant would drink more than this.



Shit...

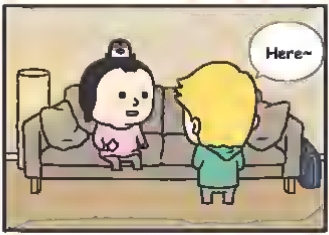
Huh? 2

Here are some moments that made me say 'Huh?' recently.



By the way, you know,
your legs look a bit strange from here.
Eh? Haha.

One day, when we went to the forest, we saw some huge horse's poo on the floor.



I asked him for just a little water

So he brought me water in a sherry glass which is the smallist glass in our home.

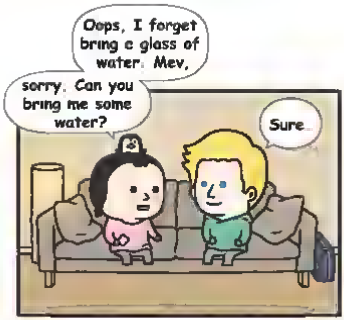
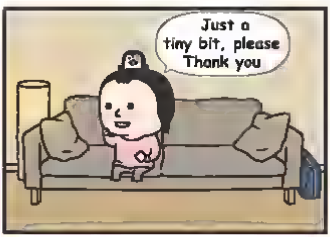
We were rushing to go see a movie.

When did you say the movie started?
At half past 3 15 minutes left.
There will be lots of comercials so we will get there just on time.
We didn't plan to see it.
Haha It was crazy to get ready so fast.



I asked Mev for help
so I could take my medicine.



I'm going to jump over the poo.

Aww, don't do that kind of thing...
풀깍

Because I wore
a coffee colour stocking on my left leg
and a peach colour stocking
on my right leg.
